

## MEASUREMENT & CONTROL SPECIALISTS

Forberg Smith is a leading manufacturers' representative/distributor and solutions provider in the process controls industry. Our measurement and control products allow manufacturers in all industry sectors to keep their operations running, within specified limits, and to set more precise limits - maximizing profitability, ensuring quality, and prioritizing safety.

### Measurement Products:

## Endress+Hauser

*Endress+Hauser offers process solutions for flow, level, pressure, analytics, temperature, recording and digital communications, optimizing processes in terms of economic efficiency, safety and environmental impact.*

### **BriskHeat** Corporation

*Surface and immersion heat solutions including heat tape, cloth heating jackets and drum heaters*

### **Dräger**

*Fixed gas and fire detection systems*

### **HORIBA**

*Emissions monitoring and analysis systems – fixed and portable*

### **BROOKS** INSTRUMENT

*Mass flow controllers & meters, rotameters and pressure/vacuum products*

### **FLUKE** Process Instruments

*Raytek and Ircon Infrared temperature solutions*

### **pf PEPPERL+FUCHS**

*Intrinsic safety isolators, Zener barriers, signal conditioners, fieldbus technology, Remote I/O, HART interfaces, purge & pressurization systems, Human Machine Interfaces (HMI) for hazardous environments*

### **CANTY** PROCESS TECHNOLOGY

*Vessel lights, sight glasses, vessel closures, cameras, particle size analyzers*

### **+GF+**

*Signet line of flow, level, analytical, pressure and Temperature instruments*

# MEASUREMENT & CONTROL SPECIALISTS

## Control Products:

### NELES

#### NELES CONTROLS

Process control valves, actuators, positioners, metal seated valves, rotary and linear control valves, smart valve diagnostics

#### JAMESBURY

Soft seated process valves and actuators for manual, on/off and control applications

#### VALVCON

Process rotary electric actuators

Valve controllers, valve networking products, process valve limits switches

Complete offering of process control valves and accessories

Specialty process ball valves - 2-, 3-, 4-way valves, tank bottom & specialty valves, instrumentation valves

FABRI knife gates valves, fabricated valves, ITT Pure flo and Dia flo diaphragm valves

Process safety relief valves and change over valves

Pressure safety devices - rupture discs and panels and bio gas controls

Pressure & vacuum relief valves, flame & detonation arrestors, blanket gas regulators, bio gas controls

Industrial AWWA butterfly, plug and ball valves, swing, silent, dual-disc, and tilted-disc valves, specialty air vents and vacuum valves

#### Richards Industrial

 *Globe & sliding gate valves*

 *Sanitary valves & regulators*

 *Precision regulators*

*Non-metallic butterfly valves, ball valves, actuators and regulators*

*Precision rugged industrial electric actuators*

*Critical service valve trim sets and machining services*

*Direct acting and dome loaded regulators*

*Gas regulators and meters*

*Rotary shutter valves for process control of clean liquids and gases*

*Metal seated, triple offset, butterfly valves*
